Sometimes it's hard to see You, but I see Your people.
Sometimes it's hard to hear You, but I heard Your
preachers
my proof is in the way, the way that they shine
That's how I know that

The sun is coming down
I get the feeling that I'm not home yet.
Yeah, it's Your people
They're Jesus to the world

When it was hard to see You, they gave me another
chance like You.
When it was hard to hear You, I could hear them speak
Your words.
My proof is in the way, the way that they shine.
That's how I know that

The sun is coming down
I get the feeling that I'm not home yet.
Yeah, it's Your people
They're Jesus to the world

it's always the way, the way I know
