(Jim Beauhall/S. Johns)

All this time I've searched for you  
Down every road I've travelled  
I wove a thousand fantasies  
But each one came unravelled

You've haunted places in my mind  
Where no one else has been  
And now our paths have led us  
To a love that has no end

Anywhere with you  
Is where I want to be  
Anywhere will do  
As long as you're with me  
Your love has brought me happiness  
That time cannot undo  
And paradise will fill my life  
Anywhere with you

The dream that filled my lonely nights  
Is finally unfoldin'  
And given me someone to share  
The love that my heart's holdin'  
As years turn into memories  
Our love will still remain  
Till the moment passes forever  
My heart will call your name

Anywhere with you  
Is where I want to be  
Anywhere will do  
As long as you're with me  
Your love has brought me happiness  
That time cannot undo  
And paradise will fill my life  
Anywhere with you

Anywhere with you  
Is where I want to be  
Anywhere will do

As long as you're with me  
Your love has brought me happiness  
That time cannot undo  
And paradise will fill my life  
Anywhere with you  
Anywhere with you
