Come on now mister, step right inside and see the  
show

You'll like it mister, it cures you if you're feeling low  
We'll take care of you, especially if you've got the  
dough

They'll move you mister, just like a hurricane moves a  
tree

See here now mister, just look at what they've done for  
me

You're gonna like it, they'll take you where you want to  
be

All right now mister, come in and join the other guys

Just one thing mister, don't try to touch the  
merchandise

Or get too friendly, you know that wouldn't be too wise

Come on now mister, step right inside and see the  
show

You'll like it mister, it cures you if you're feeling low  
We'll take care of you, especially if you've got the  
dough
