"Come To Your Senses"

You're on the air, I'm under ground
Signal's fading, can't be found
I finally open up, for you I would do anything
But you've turned off the volume just when I've begun
to sing

Come to your senses, defenses are not the way to go
And you know, or at least you knew
Everything's strange, you've changed and I don't know
what to do
To get through, I don't know what to do

I have to laugh
We sure put on a show
Love is passe in this day and age
How can we expect it to grow?

You as the night
Me as the dream
All I've got tonight
Is static on a screen

Come to your senses, the fences inside are not for real
If we feel as we did, and I do
Can't you recall when this all began
It was only you and me, it was only me and you

But now the air
Is filled with confusion
We've replaced care
With illusion

It's cool to be cold
Nothing lasts anymore
Love becomes disposable
This is the shape of things we cannot ignore

Come to your senses, suspense is fine
If you're just an empty image emanating out of a
screen
Baby be real, you can feel again

You don't need a music box melody to know what I
mean

Deep in my eyes, what do you see
Deep in my sighs, listen to me
Let the music commence from inside
Not only one sense, but use all five

Come to your senses
Come to your senses
Come to your senses
Baby come back alive
