Deep dark velvet hugs your silhouette  
Black silk stockings, you're my Juliet  
Soft blond hair baby, baby blue eyes  
Cool me down before I jump into your thighs

The green green dress, twenty buttons and a strap  
The green green dress, what a pleasure to unwrap  
Green dress, oh what it can do  
What the green green dress does to me on you, me on  
you

Let's find a chair where we can sit and talk  
Or get some fresh air, baby we could take a walk  
Tell me what you're thinkin', and talk about your day  
Tell me what to do, I'll do anything you say

Yeah, the green green dress, twenty buttons and a  
strap  
The green green dress, what a pleasure to unwrap  
The green dress, oh what it can do  
What the green green dress does to me on you, me on  
you

Can I hear you laugh, babe?  
Can you make me smile?  
I'll forget what's on my mind for awhile  
Can I tie you up love?  
If you tell me yes  
I'll unbutton every button down your green green dress

The green green dress, twenty buttons and a strap  
The green green dress, what a pleasure to unwrap  
Green dress, oh what it can do  
What the green green dress does to me on you, me on  
you

Me on you  
The green green dress, green green dress  
Me on the green green dress, green green dress  
Me on you, me on you

Green green dress  
Green green dress  
Green green dress  
Green green dress  
The green green dress
