There's a heaven for you
Try to remain, don't fall
There's a heaven for us all
[X2]

Don't wanna see you fall

There's a heaven for you
Try to remain don't fall
There's a heaven for us all

Open your eyes and see
Someone looks out for you
Open your mind and breath
Open your eyes and see
Someone to care about
Open your mind and breath
Open your eyes and fall

To get to me, you get to try
You fall, you try again
I'm standing right here
To fall, to take a chance
You get a new life

Don't wanna see you fall!

There's a heaven for you
Try to remain don't fall
There's a heaven for us all

Don't wanna see you fall!

There's a heaven for you
Try to remain don't fall
There's a heaven for us all

Open your eyes...
Open your mind...
Open your eyes, and see, the beauty around you
Open your mind, and breath

Open your eyes and FALL!

To get to me, you get to try
You fall, you try again
I'm standing right here
You take a chance, to get a new life

Don't wanna see you fall!

There's a heaven for you
Try to remain don't fall
There's a heaven for us all

Don't wanna see you fall!

There's a heaven for you
Try to remain don't fall
There's a heaven for us all
