(Yeah, uh huh, yeah)

See, what we about to do is (tell 'em)
Exactly what they can't do, dig that

(I got 'em)
Weezy F baby, these ho's know me
Young meal ticket watch me kick it like Shinobi
Flip it like aerobics, my flow is so heroic
My girl got a fat ass and I catch it when she throw it
I wet ya in the mornin', burn you in the evening
Dump you at night, let that duffle bag light
Like my shades hella dark, and my red flag bright
Got your bitch blowin' me, like she play bagpipe
Yeah I lay that pipe, I'm the plumber to your woman
I'm the flame on the stove in the desert in the summer
I'm a stunner so I'm gonna, stunt on you bitches
Big tow trucks sittin' on chrome engines
My account look like phone digits
Don't play in that boat because today I'm goin' fishin'
You don't get it, that's why I push that folk
Dirty to that dollar blown engine

And I'm a young nigga with money
Now what you goin' tell a young nigga with money
(Hey you, young nigga with money
What you goin' do with all that money)
Well I'm a stunt when I want to
I'm a stunt when I have to
I'm a stunt when I need to
I'm a stunt when I see you
I'm a stunt when I see you
I'm a stunt when I see you
Everytime I see you
I'm a stunt when I see you

(Ok, yeah)
The feet on the whip, big like Jurassic Park
The car tall to get in you need a running start
And I been gettin' doses, a runny nose
Kush my cologne you can smell it on my clothes

You know me I'm at the bar with a broad with a
Arm full of tattoo's, neck full of cars
Handful of money, what up Young money
Who the baddest bitch in the club, I'm going hunting
I'm from College Park it's the home of the Menard
If you finna like money then you are my target
Where my fuckin' boys and my duffle bags swinging
The way I reach notes man I oughta be singin'
My automo blingin' and the automo leanin'
The model ain't out yet for all the more reason
Four plus four, now we're even
Two chains doin' his things at the Four Seasons

Now, I'm a young nigga with money
What you goin' tell a young nigga with money
Hey you, young nigga with money
What you goin' do with all that money
Well I'm a stunt when I want to (yeah)
Stunt when I have to (yeah)
Stunt when I need to (yeah)
Stunt when I see you (yeah)
Stunt all on you
Stunt all on you
Everytime I see you
I'm a stunt all on you
