ROCK!

I can't hear my self think couse I'm talking to loud  
What is this, comming out of my mouth  
I try to focus, can hear my self think  
Freedom is a kitch wich I can't get up

Wake up! (Wake up)  
In the dead of the night  
I feel the same as when I was a child  
You may think so loud but you don't know how  
You can't change the world

Running throught my mind, think I'm going down  
Running throught my mind, feel I'm left behind (wake  
up, wake up)  
Running throught my mind, think I'm going down  
Running trought my mind, feel I'm left behind

Say what you want  
You don't know what's going to you  
Did you know, I feel I'm left behind  
Say what you want  
You don't know what's going to you  
Did you know, I feel I'm way behind

I can't hear my self think couse I'm talking to loud  
What is this, comming out of my mouth  
I try to focus, can hear my self think  
Freedom is a kitch wich I can't get up

Wake up! (Wake up)

Since I lost the fungus, It is all abound  
Can you hear me breath  
Do you see me drown

Running throught my mind, think I'm going down  
Running throught my mind, feel I'm left behind (wake  
up, wake up)  
Running throught my mind, think I'm going down

Running through my mind, feel I'm left behind

Say what you want  
You don't know what's going to you  
Did you know, I feel I'm left behind  
Say what you want  
You don't know what's going to you  
Did you know, I feel I'm way behind

Wake up (Wake up)  
Say what you want  
Wake up (Wake up)  
Hear what you want  
Wake up (Wake up)  
See what you want  
Wake up!

Say what you want  
You don't know what's going to you  
Did you know, I feel I'm left behind  
Say what you want  
You don't know what's going to you  
Did you know, I feel I'm way behind
