As if it weren't enough
You try to front, those scars don't hide the pain
Uncertainty has taken over, you seem to have lost
yourself
This is how you tame those ghost that haunt you every
night and day

The rainy day is pouring
The room you are in is flooding
And now your mind is mourning
For all your self-inflicted pain

YOU'RE DROWNING
YOU'RE BLEEDING
YOU'RE DYING
YOU'RE ON YOUR OWN

but now you're safe with me for all of eternity
Open your heart and brace our love
Because this is, what makes us unite

The light's on, the fight leads, the night ends
We are left here alone with ourselves in the dark

Tonight we suffer! (4x) (suffer) (3x)

Humanity always regrets for what has been done
We are no exception
We fight we fight, we stay strong
We try to conquer perfection
But still we can't move on

YOU'RE DROWNING
YOU'RE BLEEDING
YOU'RE DYING
YOU'RE ON YOUR OWN

The light's on, the fight leads, the night ends
We are left here alone with ourselves in the dark

RISE UP TO FEED YOUR AMBITION

STAY STRONG MOVE ON

Your tears won't stain the sheets again
You will make it till the end
You know this is a one way road
Let's run together to the unknown
