"I Love You"

Visit "[I Love You](#)" on MotoLyrics.com

My love for you is true/my love for you is real
My love for you/ my love for you

My love for you is great/my love for you is genuine
My love for you/my love for you

I love you/I love you/I love you/I love

My love for you is pure/my love for you is unconditional
My love for you/ my love for you

My love for you is deep/my love for you is indeed
My love for you/my love for you

And I love you/Yes I love you/I love you/I love
And I love you/Yes I love you/I love you/Forever I love
you

Forever and ever/I'll still be in love with you
My love for you/my love for you
And I shall love you with all my heart
with all my strength and with all my soul
My love for you/my love for you/and I love you
