The cold of this room freezes the lips,
burning secretly,
the spider's threads sway.

The silence of the night
is broken by the rain itself.

Far off tonight
a sad voice sounds.

Beneath the gloomy corridors
a glassy silhouette surfaces gently
following the water droplets in the window
like falling tears.

Begging in the darkness,
praying in the moon,
dancing high in the sky,
wings of crimson.

The solitude of the winter
melts in the spring.

Forever devoted
in my entirety.

Repeatedly
the lighting of time flashes.

The rose's passion bursts into flame.

Light shines
softly in the dawn.

Begging in the darkness,
praying in the moon,
dancing high in the sky,

wings of crimson.

The solitude of the winter
melts in the spring.

Forever devoted
in my entirety,
everything in this world.
