When I was growing up, we only fuck real niggas
Real niggas, really had some skill, niggas
No weak niggas, this are better beast nigga
No whack nigga, now we're bringing back, nigga!
When I was growing up, we only fuck real niggas
Real niggas, really had some skill, niggas
No weak niggas, this are better beast nigga
No whack nigga, now we're bringing back, nigga!

DJs play the new shit, that's exclusive
Yeah, I love the 90s, but I need revolutions
... tell me what you need
I don't give the beats, so let the mother fucker breathe!
I stretch it out, rapping for the fearless
Lying these oppressed I was...
... with the white walls
Am I really spitting, that's why we really don't like y'all
Bitching!

Chorus:
This is for the New School, the New School!
This is for the New School, the New School!
New School, where the thieves don't play that shit!
New School, where the thieves don't play that shit!

Black... is underrated, never under pay
Twenty years to show money, I'm trying to do the same
Only... and I only lead the willing
You niggas ain't no clean, yo you niggas just be chilling
I play my own shit cause I'm the illest
I never met my heroes, but I bet that they can feel it
A bunch of niggas got sad, thought they could beat me
to the punch
Then wake up that... saw shit and the niggas fuck it up
... home grown shit
Independent as it is, but my logo's big
We cut no corners, killed that weed shit, don't send no
warning!
Cut a nigger footprint, the global warming
... don't need no more MCs
You rappers like... don't let them touch them 16s

I won't protect this like my hip hop is my...
And can't a nigga see me, no I put that on that...

Chorus:

This is for the New School, the New School!
This is for the New School, the New School!
New School, where the thieves don't play that shit!
New School, where the thieves don't play that shit!

Spray them up fucking trainer...
They used to say that we was dangerous, dangerous
Spray them up fucking trainer...
They used to say that we was dangerous, dangerous
So nigga claim this for the South, make some money
All I say is true, ain't a damn thing funny
All I say is true, fuck the new school...

When I was growing up, we only fuck real niggas
Real niggas, really had some skill, niggas
No weak niggas, this are better beast nigga
No whack nigga, now we're bringing back, nigga!
When I was growing up, we only fuck real niggas
Real niggas, really had some skill, niggas
No weak niggas, this are better beast nigga
No whack nigga, now we're bringing back, nigga!
