Verse:

Clean before my Lord I stand
And in me, not one blemish does He see
When I placed all my burdens on Him
He washed them all from me

Chorus:

Why did I wait so long
To learn, such a living song
And how could I stay so close
Without seeing Him, Never seeing Him

Clean before my Lord I stand
And in me, not one blemish does He see
When I placed all my burdens on Him
He washed them all from me

Oh, why do you wait so long
To learn, such a living song
And how can you stay so close
Without seeing Him, Never seeing Him

Clean before my Lord I stand
And in me, not one blemish does He see
When I placed all my burdens on Him
He washed them all from me
