Verse1:

The Night's A Secret Lie
The Day's A Muted Cry
My Life Has Been So Crazy
There's A Soul About To Die

There's No More You And I
Some Days We Used To Ride
Going High On The Subway Train
But Love Knows Suicide

Pre-chorus:

I Will Rise, I Will Stay
In The Light Of The Day
In Nightlife I will stay
Save Myself From The Pain

Chorus:

You Can Do Your Walk
It Was Never Mine
You Can Go

I Can Spare The Talk
You're Not Worth A Dime
Hit The Road

You Can Take Your Heart
I Will Lick My Wounds
Like You Care

We Both Fell Apart
Broken Piece Of Art
Can't Repair

Verse2:

Your Face's A Charming Doll
Your Eyes A Cristal Ball
You Caught Me Up Like Crazy
You Darkened Up My Wall

Your Heart I can't Describe

With You The Wrong Is Right
But You Chose To Be
My Loathsome Company

Pre-chorus:
Mourning You To Feel Again
Rising up From The Din
Love Was Never A Pure Sin
Never Been Under My Skin

Chorus:
You Can Do Your Walk
It Was Never Mine
You Can Go

I Can Spare The Talk
It's Not Worth A Dime
Hit The Road

You Can Take Your Heart
I Will Lick My Wounds
Like You Care

We Both Fell Apart
Broken Piece Of Art
Can't Repair

I Will Rise, I Will Stay
In Nightlife I will stay
I'll survive what you say
I'm the new born of the day
