California in the evening past the water  
Get me over the great state line  
The sky's electric, boy it's screaming  
Trying to find the morning  
Hell I'd settle for the other side  
Don't bother counting up the days, boy

Number's getting bigger by the minute and I'm so tired  
But I can honestly say boy  
Oh, unless you're in it, I don't want it, so here comes  
Fire over the horizon keeping my eyes on  
Why you're all the way in

Carolina, won't go home until I find ya  
You fill my bones, my mind up, so I'm coming to  
Carolina, don't you know I'm right behind ya  
No love of mine is gonna wind up leaving me for  
Carolina

Don't feel the summer like I used to  
Boy, you brought the thunder  
Tucked me under  
It's all your fault  
Want me to let you leave, do you?  
Well, I never minded aftermath  
And this is what happens to a liar  
Miles of the highway  
Nothing will stop me  
'Til I'm done coming for ya

Carolina, won't go home until I find ya  
You fill my bones, my mind up, so I'm coming to  
Carolina, don't you know I'm right behind ya  
No love of mine is gonna wind up leaving me for  
Carolina

I don't mind the rain, it suits me  
Makes a pained pursuit seem less unruly  
It's been a good night  
And one hell of a drive

Coming for you Carolina, won't go home until I find ya  
You fill my bones, my mind up, so I'm coming to  
Carolina, don't you know I'm right behind ya  
No love of mine is gonna wind up leaving me for  
Carolina  
Leaving me for Carolina  
Leaving me for Carolina
