Give me a sad song that I can hold on to
Anything to set me free
Just one big cry, big tears in my eyes
To wash you away from me

I need a night all by myself
Got some things I need to work out
I got this fever that just won't break
I got some troubles I got to shake

Give me, give me a sad song that I can hold on to
Just anything, to set me free
Just one big cry, big tears in my eyes
To wash you away from me
Oh, I wanna wash you away from me

I know, I know, I'm gonna have to cleanse my soul
If I'm ever gonna get back on my way, ooh yeah
One night, one night, one dark and lonely night
And then will come a brighter day, yeah

Oh, just give me one night, one night
One dark and lonely night
And then will come a brighter day

Give me a sad song that I can hold on to
Anything to set me free
Just one big cry, big tears in my eyes
To wash you away from me

Just one big cry, big tears in my eyes
To wash you away from me
Ooh, to wash you away, yeah
