Do you ever feel caged
Locked up like a bird
Do you ever feel the weight
Of this whole world
I look across my field
Searching for a sign
For the winds to change
And free this heart of mine

Chorus:

Ooh, when the black crow flies
Cries out a warning to my soul
Lift above your sorrow and
Don't let it take control, take control
And let your spirit rise
Rise

When the sun's setting down
And it can't hold back the night
In my tears I could drown
I can't swim to the light
Will you reach in the water
Save me from the tide
Be my sanctuary
Up on the mountainside

Repeat Chorus Twice

Do you ever feel caged
Locked up like a bird
Do you ever feel the weight
Of this whole world
