Why should we wait till we find out ever going
The perfect job, the perfect house, the perfect to love
we dream about
I don't know about you, but I think that we got
everything we need
It's all I want, it's to be loved

Desperately like the sun loves the moon, and the moon
endures the shore
and the day is back and forth
It's like you and me, the whole world want's to be loved,
yes
Yes believe, yes believe

With my feet cause everyday it's a crossroad
We can take a right turn, take a left one
Just as long as we move ahead
Just as long as you promise that you'll always be with
me
It's all I want it's to be loved, to be loved

Desperately like the sun loves the moon, and the moon
endures the shore

and the day is back and forth
It's like you and me, the whole world want's to be loved,
yes
Yes believe, yes believe, yes believe

Oho, I wanna go home with you,
Oho, I wanna have you baby too desperately

Like the sun loves the moon, and the moon endures the
shore
and the day is back and forth, just like you and me
the whole world wants to be love, desperately,
desperately
the whole world wants to be loved, desperately
the whole world wants to be loved, desperately, yeah
Desperately, desperately.
