Way out here working on the docks  
Everyone sees the long day through  
Oh, what would I do without the nights and the phones  
And the chance just to talk to you  
Oh, what would I do now

Just to talk to you a thousand miles away  
What I wouldn't give for only one night  
A little relief in sight  
Someday when times weren't so tight

When the day goes down on the water town  
When the sun sinks low all around  
That's when I know I, I need you now  
Yeah, yes you're what I miss, every little kiss  
Every little one, every little one

Everybody here's a number, not a name  
But I guess that's alright with me  
As I sit alone after a long day  
In the absence of company

Oh, I let my mind wander, hey a thousand miles away  
What I wouldn't give for only one night  
A little relief in sight  
Or someday when times weren't so tight

When the day goes down on the water town  
When the sun sinks low all around  
That's when I know I, I need you now  
Yeah, yes you're what I miss, every little kiss  
Every little one, every little one, hey

What I wouldn't give for only one night  
A little relief in sight  
Someday when times weren't so tight

When the day goes down on the water town  
When the sun sinks low all around  
That's when I know I, I need you now  
Yeah, yes you're what I miss, every little kiss  
Every little one, every little one, hey hey

Yeah yeah yeah yeah yeah yeah yeah  
Every little one, every little one, every little one, hey  
hey
