[Verse 1]

It's always been inside my head
Suddenly its hardwood floors and feather beds
And Children laughing, running up and down the stairs
It would be heaven without going nowhere

[Chorus]

And when a dream starts coming true
It feels like destiny like I already knew
Like you were meant for me and me for you
And it feels like I'm right where
I've always belonged
And it feels just like a love song

Da.Da...

[Verse 2]

The way we talked the way you smiled
You kissed my lips it drives me wild
I never knew until I felt your touch
That I could need someone so much

[Chorus]

And when a dream starts coming true
It feels like destiny like I already knew
Like you were meant for me and me for you
And it feels like I'm right where
I've always belonged
And it feels just like a love song

Till I'm waving goodbye
It's all blue skies
It feels like coming home
And it feels just like a love song

[Chorus]

Feels like destiny like I already knew
Like you were meant for me and me for you
And it feels like I'm right where
I've always belonged
And it feels just like a love song

Da Da Da
Feels just like a love song...
