Fireflies are out tonight  
Air is heavy and the moon is bright  
I love this time of year  
I talked to you this afternoon  
You said you didn't have very much to do  
I said I'd be here

So come on over, come on in, come on by, baby

Otis Redding makes me feel good  
Dancin' in the kitchen barefoot  
All the windows up  
Just can't get enough  
Headlights on my front lawn  
I guess it didn't take you very long to decide

To come on over, come on in, come inside, baby  
Won't you come on up, come on in, oh, come inside  
baby  
There's just something 'bout the way

The way you talk to me  
You give just what I need  
And when you come around  
My feet can't find the ground  
I'm losin' myself like a drop in the rain  
You twist me up like a hurricane  
I can't stand up for fallin' down  
So come on up, come on in, I like it when you come  
around

A minute ago there were a million stars  
And now it's soaking wet out in my backyard  
Let's take cover baby  
But you just wanna run around in the rain  
You make me laugh like a kid again, loud and crazy  
baby  
There's just something 'bout the way

The way you talk to me  
You give just what I need  
And when you come around

My feet can't find the ground  
I'm losin' myself like a drop in the rain  
You twist me up like a hurricane  
I can't stand up for fallin' down  
So come on up, come on in, I like it when you come  
around

Fireflies are out tonight  
Air is heavy and the moon is bright  
Otis Redding makes me feel good  
Dancin' in the kitchen barefoot

So come on over, come on in, come inside, baby  
Won't you come on up, come on in, oh, come inside  
baby  
Come on up, come on in, come inside, baby  
Come on up, come on in, come inside, baby
