We're only human baby
We walk on broken ground
We lose our way
We come unwound

We turn in circles baby
We're never satisfied
We fall from grace
Forget we can fly

But through all the tears that we cry
We'll survive

'Cause when we're torn apart
Shattered and scarred
Love has the grace to save us
We're just two tarnished hearts
But in each others arms
We become saints and angels

I love your imperfections
I love your everything
Your broken heart
Your broken wings

I love you when you hold me
And when you turn away
I love you still
And I'm not afraid

'Cause I know you feel the same way
And you'll stay

'Cause when we're torn apart
Shattered and scarred
Love has the grave to save us
We're just two tarnished hearts
But in each others arm
We become saints and angels

These feet of clay
They will not stray

'Cause when we're torn apart
Shattered and scarred
Love has the grace to save us
We're just two tarnished hearts
But in each others arms
We become saints and angels
