(Tena Clark/Tim Heintz)

Sometimes it's hard to don't wanna look over your  
shoulder  
'Cause you don't want to remember where you've been  
There'll come a time you die,  
If you could only hold her  
'Cause I know that's where I am

So listen with all your heart  
Hold it inside forever  
You may find all your dreams have already come true  
Look inside and find the part that's leading you  
'Cause that's the beat of a heart

Sometimes you'll drown it out with all your rage and  
thunder  
Sometimes you'll drown it out with all your tears  
There'll come a time when you hear it and you'll  
wonder  
"Where in the world have I been?"

So listen with all your heart  
Hold it inside forever  
You may find all your dreams have already come true  
Look inside and find the part that's leading you,  
'Cause that's the beat of a heart  
No one can tell you how to get there  
It's a road you take all by yourself  
(All by yourself)  
All by yourself

So listen with all your heart  
Hold it inside forever  
You may find all your dreams have already come true  
Look inside and find the part that's leading you  
'Cause that's the beat of  
Oh it's the sweetest sound,  
'Cause that's the beat of a heart
