Come on in, to my cocoon
You'll be safe, there's lots of room
No one comes in, except for you
In my cocoon
In my cocoon

Once inside, noone will knock
Have some wine, my cocoon is stocked
The inner door is never locked
To my cocoon
My cocoon

I know a ship that's leavin soon
And passin close to my cocoon
And I'll be here to welcome you
To my cocoon

Wherever you're lost, wherever you're found
Pack a pair of shoes, drop on down
Wherever you are, whatever you've done
Drop on in, into my cocoon

Slip into my cocoon
Plush light, custom designed
No request will be refused
In my cocoon
My cocoon

I know a ship that's leavin soon
And passin close to my cocoon
And I'll be here to welcome you
To my cocoon
