This song will need some correction, I couldn't make some of the words out correctly

For a thousands years woman's walked the streets in fear  
For a thousand years a woman's had to walk the streets in fear  
There goes the man bullying the woman as he walks through life  
There goes the man bullying the woman as he walks through life  
And then livin the life

I tell you something brother, the Goddess will return  
?  
You are gonna burn  
You are gonna burn  
You are gonna burn

And a man can't understand that all he wants is the upper hand  
Man can't quite understand, when all he wants is the upper hand  
And the word knows cant believe he said she cant be talking to me  
And the word knows he cant believe he thinks she cant be talking to me, she's not talking to me

I'll tell you something brother, the Goddess will return  
?  
You are gonna burn  
You are gonna burn  
You are gonna burn

For a thousand years, the woman's had to walk in fear  
For a thousand years, the woman's had to walk consumed in fear  
He had a ?for the self esteem, and he blames it on sexuality

I'll tell you something brother, the Goddess will return

You are gonna burn  
You are gonna burn  
You are gonna burn
