Levitti:

Would you come and swoop me

Hop in the Brome

Call baby on the cellular

Wassup I'm in your area

And is it cool tonight for you to like get away

Meet me down at the parking lot at Safeway

But not alone

You might want to bring your friends

But make sho' you and her don't forget your ends

I can't wait to see the tatoo of your kitten

It's me and 'Vitti in the night we City 2 City

Levitti:

B-Legit:

We checked in in the suite up in Hollywood

And the bubble bath did your playa patna good

She brought lingerie, pumps, and body oil

Scented candles and rubbed on my love handles

I'm only in for one night

My flight'll be out in the morning

I better get it before I start snoring

She was already up on top

Goin' buck for the whip cream, cherries and nuts

Levitti:

That's why little sister loved to give it up

Two in the morning I was all in her

You know I had to be the creeper

She kept jockin I have the fever

I'm in your city

Would you come and swoop me

B-Legit:

Five in the mornin' hit me with the wakeup call

Whole room smellin' just like alcohol

I had a ball

But now I gotta giddi y'all

I gotta a show in Pine Bluff Arkansas

And I must say the stay was all gravy

And keep it like that 'till I get back baby

And maybe next time we can take it to the 'nitti
