When you said this was a fight, you weren't kidding
When you said this was a fight, you weren't kidding,
kidding
Cause my ribs are bruised and it's just round two

When you said this was a fight, you weren't kidding
When you said this was a fight, you weren't kidding
Cause there's a cut on my eye and it's just round five

And I used to be quick I used to see it coming
I used to know how to move my feet
Now I can't duck and I can't land nothing
And I forgot how to bob and weave
Bob and weave

When you said this was a fight, you weren't kidding
When you said this was a fight, you weren't kidding,
kidding, kidding
Cause this room's in a spin and it's just round ten

If you care at all take that towel from your neck
Cause I've reached down deep and there is nothing left
I've got nothing
I've got nothing
I've got nothing

Greater is he who is in me
Greater is he who is in me
Greater, greater
Greater, greater

Okay, okay

Bob and weave
Bob and weave
Bob and weave

And I can't just know it I've got to feel it
And I can't just feel it, I've got to believe it
And I can't just believe it, I've go to live it
