It didn't take me too long to find
The chains you just had freed me from
I got so used to having them on
I didn't know how to live in freedom

This can't be, no it can't be
What you have intended for me
And this can't be, no it can't be
What you have intended for me

Glory, come down
Sent from your holy place
Come cleanse me now
Sovereign and holy, come make me holy now

What is it in the nature of man
That draws us away from our purpose
To despise the things of God
And love the things that hurt us

And this can't be, no it can't be
What you have intended for us
This can't be, no it cannot be
What you have intended for us

Glory, come down
Sent from your holy place
Come cleanse us now
Sovereign and holy, come make us holy
Sovereign and holy, come make us holy
Sovereign and holy, come make us holy now

This can't be, no it can't be
What you have intended for me
This can't be, no it cannot be
What you have intended for me

Glory, come down
Sent from your holy place
Come cleanse us now
Sovereign and holy, come make us holy
Sovereign and holy, come make us holy

Sovereign and holy, come make us holy now

Straight from your holy place,
Lord, make us holy as you are holy
Send it down Lord, just a little bit of heaven here on
earth
Send down your glory
Lord we need you, Lord we need you, Lord we need
you
Lord I love you, Lord I love you, Lord I love you
Thank you Jesus, thank you Jesus, thank you Jesus
