There's a story burning in me  
I want to tell it again and again  
It's a story of redemption  
Bound to change the hearts of men

I cannot find the words  
and sometimes it's sounds absurd  
and I don't even know myself  
all the depths the heights the wealth  
How can I tell this story again to make you wonder  
when  
You stopped believing  
How can I paint a picture of this kind of love  
This kind of healing  
Oh

So I'll expand my vocabulary  
Spend some time in the local library  
Analyze the archetypes  
Anything to get this right

Cause the train that leaves the station  
Is loaded down with connotation  
When what you hear and what I say  
Are night and day

How can I tell this story again to make you wonder  
when  
You stopped believing  
How can I paint a picture of this kind of love  
This kind of healing  
Oh

Once upon a time  
In a very, very far away land  
Once upon a time  
A long long time ago  
There was a man?.

How can I tell this story again to make you wonder  
when  
You stopped believing

How can I paint a picture of this kind of love  
This kind of healing  
Oh
