Well it came & caught us off our guard
We were just laughin'
Feelin' alright
Had such a great time just last night

We walked into a minefield undetected
You took a tone
I took offense
Anger replacing all common sense

Oh, run for your life
All tenderness is gone
In the blink of an eye
All goodwill has withdrawn
We mark out our paces
And stare our from our faces
Baby, you & I are gone, gone, gone

Incomprehensible, layers of isolation
Now you're the man w a heart of stone
Making me pay by being alone
Soon you will justify righteous indignation
Now I'm a woman who holds all her pain
Looking for somebody else to blame

Chorus

We hold all the keys to our undoing
Cutting me down in small degrees
You know my worst insecurities
I'm making no effort to understand
No one can hurt you like I can
Deep down inside the girl's waking up
She's going to look to the boy she loves

It's me
Oh, baby, it's me
Hmmmmmm

How in the world can tenderness be gone - in the blink
of an eye?
Ohh, how in the world can tenderness be gone - in the

blink of an eye?

Ooohhh, whoa, whoa
