Hello sweet America,  
Where did our dream disappear  
Look at little Erica,  
All she learns today is the fear  
You deny the truth,  
You just having fun  
Till your child will shoot your gun

Nobody hurt no one  
Nobody hurt no one (anybody)  
Nobody hurt no one  
Nobody hurt no one

She didn't wanna go to school,  
Didn't wanna face all this pain  
Mummy, can I stay at home,  
I am scared, the boys are insane  
Don't you dare to say,  
Her reaction's dump  
Cause she had no place to run.

Nobody hurt no one  
Nobody hurt no one  
(anybody so please don't hurt any one)  
Nobody hurt no one  
Nobody hurt no one

You deny the truth,  
You just having fun  
Till your child will shoot your gun  
Don't you dare to say,  
Her reaction's dump  
Cause she had no place to run.
