I hold tight
It slips through my fingers
Like whispers falling off my tongue
Your kiss on my lips still lingers
Suddenly it feels like we're alone right now

Don't talk
Don't breathe
Don't move
Don't speak

Don't make a sound
In case it leaves

So turn off the stars
Or they'll start to blind us
Stay where we are
But leave it behind us
We're falling apart
But falling together now

I melt into you, melt into you
You melt into me, melt into me
And I, I won't never let you go
Go

Let's run away from the chaos
And hide away from all the noise
Some place we know they won't find us
Suddenly it feels like we're alone right now

Don't hesitate
The world can wait
Let it spin around
But don't blink twice
It could disappear
(Disappear)

So turn off the stars
Or they'll start to blind us
Stay where we are

But leave it behind us
We're falling apart
But falling together now

I melt into you, melt into you
You melt into me, melt into me
And I, I won't never let you go
Go

I don't wanna wake up
I don't wanna wake up
I don't wanna wake up
I don't wanna wake up

Turn off the stars
Or they'll start to blind us

I melt into you, melt into you
You melt into me, melt into me
And I, I won't never let you go

(So turn off the stars
Or they'll start to blind us
Stay where we are)
I can't let you go
(So turn off the stars
Or they'll start to blind us
Stay where we are)
I can't let you go
(We're falling apart
But falling together now)

I can't let you go
So turn off the stars
Or they'll start to blind us
Just leave it behind us
