Ohhh.

I gotta secret, it's haunting me  
Sometimes I wanna tell you,  
I'm not what I seem.  
It breaks my heart, when I look in your eyes  
You see me smile, but I'm alone inside.

Happiness depends on the silence that I keep.  
I know that I should tell you,  
I can't bring myself to speak  
I'm so disguised, I don't know what's true.  
I kills me when I see what it does, to you.

It's a big big lie,  
You're about to see through  
& I don't know why, it's all that I can do  
It's a big big lie,  
I'm hiding from you  
I don't love myself, how can I love you?  
How can I love you?

I toss and turn, I can't sleep.  
Why am I so lonely when your right next to me?  
It's building up inside me, I can hardly breathe,  
You're lying there so peaceful, I just wanna scream

It's a big big lie,  
You're about to see through  
& I don't know why, it's all that I can do  
It's a big big lie,  
I'm hiding from you  
I don't love myself, how can I love you?  
How can I love you?

I keep thinking that you're gonna hear it,  
Hear the words that I don't say, yeah.  
Someone tell me how long,  
Oh how long I can live my life this way? yeahhhh  
yeahhh

You're about to see through  
& I don't know why, it's all that I can do

It's a big lie,  
I'm hiding from you  
I don't love myself, how can I love you? ohhh.  
How can I love you? ohhh.  
How can I love you? nooooo.  
How can I love you?
