Verse One: B Smooth

Word up, Tequila style... eat the worm motherfucker

Tequila spice, hot nice

Feeling right, sipping on Jose Cuervo

Down in Tiajuana, Mexico

Thinking of the big score the night before

Met the connect, who was impressively dressed

In high fabrics

With troops like Babe Ruth, up on the mezzanine

Brandishing sub-machine guns, aye-yo

It's all about the money, son

Now that's the only reason

We came south of the border, to complete this work
order

We gotta get it, no looking back, going all out for it

Ready to attack, die in a minute flat for it

As God is my witness, we got ditches

for all you motherfuckin fake bitches

It all boils down to the business

Nothing personal, when niggaz acting like they helping
you
I fuckin blast you like Frank Castle, motherfucker!

Chorus

Tequila Sunrise, bloodshot eyes
Realize we're all born to die
So get the money nigga!
(repeat 2x)

Verse Two: B-Real

I never knew money like this, in the palm of my hand
'Til I met the man with mad hook-up, and big plan
Every where you look'a, he got everybody shook up
Running for cover, the big bad WOOF, motherfucker
He was like a father figure, show me the bigger picture
Fuck slangin' on the corner, don't let the pigs get you
Not like these fools who don't comprehend
You end up doing a twenty-five bid in the pen
You got that? Getting your cup, I took a swig
The bitter taste of the 'mezcal', free worm shit
Droppin' a lesson, he slapped my face, he said listen
Pay attention brotha, you're my ace, but don't ever
question
Just do what I say, and you'll be rich
And keep this in your mind: rats lay in a ditch with no
spine
Don't ever forget that golden rule in the game
Cheers, they all know your name, it's like fame
Why, women and money don't mix, like drinking an'
driving
Watch those conniving women and keep your eye out
Always be aware of what's around you
They wanna down you, and fuckin clown you
Keep your shit in order the money won't stop
Pretty soon you'll be on top

Chorus

Verse Three: B-Real

Tequila Sunrise, with the bloodshot eyes
My, my, my, how time flies and goes by surprise
My mentor passed on and passed a warn to me,
emergency
For my enemies who wanna murder me
Eat the worm, motherfucker, while you burn,
motherfucker
Better kill me, don't let me return, motherfucker

Trust no man, cause I'll be back, you understand?
With a plan, and my ace in hand, I want it all
I recall the words from Jesus, you are the Juice
Better go get it, don't let it get to your head, embed it
Let these words stick, you better be ready to die
Now take a fucking sip, caution it, but I never lie

Chorus
