I got your letter from the postman just the other day

So I decided to write you this song

And just to let you know exactly the way I feel

To let you know my love's for real

Because I love you and I'll do anything

I'll give you my heart, my everything

Because I love you, I'll be right by your side

To be your light, to be your guide

If you should feel that I don't really care

And that you're starting to lose ground

Just let me reassure you that you can count on me

And that I'll always be around

Because I love you, my heart's an open door

Girl, won't you please come on in

Because I love you, I'll be right by your side

To be your light, to be your guide

If you should feel that I don't really care

And that you're starting to lose ground

Just let me reassure you that you can count on me

That I will always be around

Because I love you, my heart's an open door

Girl, won't you please come on in

Because I love you, I'll be right by your side

To be your light, to be your guide
