Walk blindly to the light, and reach out for his hand  
Don't ask any questions and don't try to understand  
Open up your mind, and then open up your heart  
And you will see that you and me are very far apart.  
Cause I believe, that love is the answer  
I believe, that love will find the way  
Violence is spread worldwide and theres families  
on the street.  
We sell drugs to children but why can't we just see  
that all we do is eliminate our future with the things  
we do today  
money is our incentive now, so that makes it ok  
(Chorus)  
I believe that love is the answer  
I believe, that love will find a way  
I believe that love is the answer  
I believe, that love will find a way  
I've been seeing Lisa now, for a little over a year  
she says she's never been so happy  
but Lisa lives in fear, that one day daddy's gonna  
find out she's in love with a nigger from the streets

Oh how he would lose it then but

She's still here with me

Cause she believes that love will see us through

and then he'll understand

he'll see me as a person, not just a black man

Repeat Chorus 3 x
