Flash - Before the night falls down
Crash - Hiding on the ground
Galaxies aligning in a new constellation
Flash - Blinding light fills my eyes
Crash - Enemies in disguise
Crashing bones surrounds me
And my heart is bleeding

Hey you, I'm suffering, I'm ready to believe
Right now, I'm counting the seconds
Before the night falls down

I am your leader, your monkey, your galaxy defeater
Your pharaoh, your god, believe it or not

Before the night is falling down
Angels gather'round
To bring us bitter sweetness
Before the night falls down
Angels gather'round, angels gather'round

Flash - Try not to catch a cold
Crush - From the ice on your soul
Blend in with the dark like a lethal assassin
Flash - The monster speaks to me
Crush - It sees what I can't see
And it ignited the desire for revenge and justice

Hey you, stop suffering, you won't have to hide
The time has finally come
Now it's all up to you

You'll be their leader, their monkey, their galaxy
defeater
Their pharaoh, their god, believe it or not

Before the night is falling down
Angels gather'round
To bring us bitter sweetness
Before the night falls down
Angels gather'round, angels gather'round
