It's time to face the future
It's time to erase the past
There's not much space for failures
Even if it has to be done fast

We have to change our mindset
We need to embrace our sins
As all our fears are fading
Now there's a chance to win

Land of opportunity
We must stand in unity
Commitment and serenity
Will be the downfall of the enemy
Can you hear me?
Will you join us?
For the borderlands let us fight
With all our main and all our might

Moving like an undead wall
Ain't no chance to stop us all
The few are willing to stand
Assaulting those who are in command

Determinations is our fuel
Battling against those who rule
They wanna fight?
We'll strike'em down
Get ready for the final round
Let's raise our fists and shout
"We'll wipe injustice out!"
An evil smirk, a fatal grin
A massive roar, it shall begin!

Land of opportunity
We must stand in unity
Commitment and serenity
Will be the downfall of the enemy
Can you hear me?
Will you join us?
For the borderlands let us fight

With all our main and all our might
