I'm counting the seconds, when the sun is rising slow
Look out of the window and I don't know where to go
(Ahh)

Cause I'm waiting till the night arrives
And I will be uncaged again tonight

I'm deep in the shadows, waiting constantly (Ahh)
I'm deep in the shadows, waiting constantly (Ahh)

I'm tired of hiding, so I want to leave my lair
But I know if I go there's no one left who will care (Ahh)
And now I'm waiting till the night arrives
And I will be uncaged again tonight

I'm deep in the shadows, waiting constantly (Uhuhuuu)
I'm deep in the shadows, waiting constantly (Ahh)
I'm deep in the shadows, waiting constantly (Uhuhuuu)
I'm deep in the shadows, waiting constantly (Ahh)
I'm deep in the shadows, waiting constantly (Uhuhuuu)
I'm deep in the shadows, waiting constantly (Ahh)
