Stay hard I told myself
I don't want your fucking help
Your rules, your games, your ways
Are different to them from yesterday

I mean I am scared of you
I don't know what I've got to do
I can't remember who you are
How could you get away so far

Is this how you wanna live
Now it's your turn to give
This is what you have to pay
I would think twice if I wanted to stay

Clear your mind now
I can show you how to
how to get rid of every evil part

As long as you are down I will
stay beside you with all your fears
The memories remain we were more than friends
Is everything so meaningless what we stucked out
together
Why am I so worthless for you
This is not what I deserve

Now there are two ways to choose
It's your choice if you win or loose
Break the line, break the law, don't mind
Open your eyes an don't stay blind

Clear your mind now
I can show you how to
how to get rid of every evil part

As long as you are down I will
stay beside you with all your fears
The memories remain we were more than friends
Is everything so meaningless what we stucked out
together

Why am I so worthless for you
This is not what I deserve
