in the perfect quiet
of my after hours bed
i drift to sleep love
to the beat of the rhythms in my head
darkness settles in
and i have want to dream
soundscapes and lullabies
deliver me

these clouds are weeping
frozen tears pile round my feet
we mourn together love
without you i'm incomplete

the cold it shrouds me
like the ghost of your embrace
reaching out to hold you
but the wind gives away

the hours on the clock
seem to stop
when i'm thinking about you
it always seems to rain
when my pain is just too much

you are all i want
you are my every reason
i am seething but baby
you don't seem to care

we will rise
the day is done, but we're not over
we'll fall in love tonight
we will rise
the day is done, but we're not over

in the perfect quiet
of my after hours bed
i drift to sleep love
to the beat of the rhythms in my head
darkness settles in

and i have want to dream
