[Kevin McCall:]

Keke, you know I got yo, right?
And before I let you sing to them
With that pretty voice of yours
Let me clear something up
Came back love

Your momma said what?
Your sister said who?
Come on you see what they tryin' to do
It's impossible, but they still on a mission
To break up a happy home
Like demolition
Don't even listen

[Keke Palmer:]

Baby, tell me, you don't care what they sayin'
Boy you know me,
So they can just keep on hatin'
We're the only ones in this love
No one can take this away from us
And I know we got the real thing
Cause I feel it when you hold me, yeah
So I wanna know

What do they know 'bout love
What do they, what do they know 'bout us
And as much as they bring me up
The only thing that they know is
I've got you
Baby I got you
And you got me

So baby tell me why they wanna mess this thing up
Maybe, they be hatin' cause they wish they was us
They can't get between this love
No one can take this away from us

And I know we got the real thing
Can you feel it when you hold me, yeah
So I just gotta know

What do they know 'bout love
What do they, what do they know 'bout us
And as much as they bring me up
The only thing that they know is
I've got you
Baby I got you
And you got me

[Kevin McCall:]

First I greet you with a kiss on the lips
No special occasion, but your presence's a gift
They try to sink our relationship
But we cruising on a coast to Costa Rica
So don't trip
I fall in love with something new about you everyday
It ain't nothing like the real thing baby
You got me singing like I'm Marvin Gaye
Tyrese with a card a card to the sweet lady
Uh, match made in Heaven
Lucky that I had found you
I must have broken seven
Or eleven, one foreplay
I got you, you got me

[Keke Palmer:]

What do they know 'bout love
What do they, what do they know 'bout us
And as much as they bring me up
The only thing that they know is
I got you
I got you
I got you
Baby I got you
And you got me
They don't know
They don't know
And you got me
I don't care what they sayin' no
Cause you got me
I love you
And you got me
Forget 'bout what they saying
Oh, you got me
