[Part 1: Scimitar Moon]

Don't you forget the echo's of time  
Won't you regret the losing of minds  
In my dreams I'm searching across the  
Desert sands for you  
Scimitar moon is guiding me close to your side

[Part 2: Voyage]

Voyage  
Voyage  
Wilderness to wilderness  
I traveled from afar  
On the soft wind of the Nadq came  
Fragrance of Araar  
Splendor of a thousand suns shone glory in my path  
No love more pure and rage more fierce  
Could still my beating heart  
Voyage  
Voyage

[Part 3: Promise]

So  
Should I return to trace the shadows of my chases  
My steps will echo there from sand to stone  
I Will never let my eyelids close on empty spaces  
My dreams will find the void with tales unknown  
Know the mighty infinite obscures the far horizon  
The whispered road I take will never bend  
Alone  
And will the wind return my story to it's promise  
Or will my story chase me to my end

[Part 4: Hamesha]

[Hindi Lyrics]

[Part 5: Alone]

[Melodies unspoken]

Flowing from the lotus of my heart  
Ending where we start

Promises unbroken  
Promising a never-ending fire  
Of love beyond desire  
Ending where we start
