Stuck inside this room, digging in my heels  
The paint is stuck on the walls, but its starting to peel  
But maybe its your vanity, maybe its your skin  
Well, Im thinking, Im thinking, your covers wearing thin

cause everybody wants a piece of you, you dont give  
much, but when you do,  
Youre nobodys friend, youre nobodys fool, tell me  
It must be tough to be that cool

Another notch on your belt another new pair of shoes  
Another sidewalk show, where did you get that suit?  
Did you think I was waiting or were you just testing me  
Youre gonna come up empty, come out angry  
Come out alone, now you cant see it

cause everybody wants a piece of you, you dont give  
much, but when you do,  
Youre nobodys friend, youre nobodys fool, tell me  
It must be tough to be that cool

Well I should be more forgiving, theres a soul down  
there  
I can hear it crying, but I cant find it anywhere

Everybody wants a piece of you, you dont give much,  
but when you do,  
Youre nobodys friend, youre nobodys fool, tell me  
It must be tough...

Everybody wants a piece of you, you dont give much,  
but when you do,  
Youre nobodys friend, youre nobodys fool, tell me  
It must be tough to be that cool

Everybody wants a piece of you, you dont give much,  
but when you do,  
Youre nobodys friend, youre nobodys fool, tell me  
It must be tough to be that cool  
It must be tough to be that cool  
It must be tough to be that cool

It must be tough to be that cool...
