From Starlight Express  
It's time to choose between the two of them  
I'd better make a start  
Someone help me make up my heart  
Tell me how to make up my heart  
You think two lover would be be twice the fun  
It's tearing me apart  
Someone help me make up my heart  
Tell me how to make up my heart  
One of them is strong  
One of them is good  
But both could turn out wrong  
So who gets the part?  
Make up my mind, make up my heart  
I don't want one to win and one to lose  
Can't tell them yes or no  
Choosing one means letting one go  
Oh I can't face letting one of them go  
You'd think two lovers would be twice the fun  
It's tearing me apart  
Someone help me make up my heart  
One of them has style  
Sets the world alight  
The other makes me smile  
so who gets the part?  
Make up my mind make up my heart  
Make up my mind, please make up my heart  
It's time to choose between the two of them  
I'd better make a start  
Somone help me make up my heart  
Tell me how to make up my heart  
One can make me laugh  
One can make me sigh  
Why tell myself in half  
So who gets the part  
Make up my mind, please make up my heart  
Please someone help me make up my heart
