Cliff Richard
Only you
Have the power to move me
And together we'll make
The whole world move in sympathy
But I could not see before
Sarah Brightman
Only you
Have the power to move me
Both
Take me hold me mould me
Change me and improve me
Cliff Richard
It's not funny anymore
There was I
Wondering why
Every day
(Sarah Brightman
There was I
I was wondering why)
Both
Disappeared into the distance
Sarah Brightman
Now with you
The light is shining through
Both
You gave me life not just existence.
Cliff Richard
Only you
Have the power to move me
(Sarah Brightman
You are the starlight)
Both
And together we'll make
The whole world move in sympathy
Cliff Richard
Only you
Have the power to move me.
(Sarah Brightman
Move me.)
Sarah Brightman

There was I
Wondering why
(Cliff Richard
Wondering why
Wondering why)
Both
Every day disappeared into the distance.
Now with you
The light is shining through
You gave me life not just existence.
Sarah Brightman
Only you
(Cliff Richard
Only you)
Both
Have the power to move me
And together we'll make
The whole world move in sympathy.
Sarah Brightman
But I could not see before
That only you
(Cliff Richard
I couldn't see it before)
Both
Have the power to move me
Take me hold me mould me
Change me and improve me
Sarah Brightman
Only you
Have the power
(Cliff Richard
Only you)
Both
