"Sleep Tight"

We saw fantasia in a far off land,
Cry for the living in the desert sand.
They waited underneath a splintered moon.
To hear the beating of an ancient tune.

Sleep tight.
The reapers waiting in the wings.
Sleep tight.
To reap a man of many things.
Sleep tight.
Look through the eyes of destiny.
Sleep tight.
We find the kingdom but he holds the key.

I met a seer who believes and dreams,
Our blood is running through eternal streams.
Dust youll return and dust you shall remain.
Cuz thats the only heart that beats and beats again.
