\* Dub-i-dub-i-dub-i-dub-dub-dub  
Dub-i-dub-i-dub-i-yeah-yeah  
Dub-i-dub-i-dub-i-dub-dub-dub  
I don't need your love  
Dub-i-dub-i-dub-i-dub-dub-dub  
Dub-i-dub-i-dub-i-yeah-yeah  
Dub-i-dub-i-dub-i-dub-dub-dub  
I don't need your love anymore

I don't need you here by my side  
No more, no no  
And when I feel your love deep inside  
I will forget, oh yeah  
So don't you dare come knocking on my door  
When you need someone to hold  
'Cause every door and the window is closed  
I can live, live without your love

\* repeat

You left me, you went away  
Yeah yeah yeah yeah  
And now you say you're back to stay  
No way, no way  
So don't you dare come knocking on my door  
When you need someone to hold  
'Cause every door and the window is closed  
I can live, live without your love

\* repeat (x2)

Love is cold, yeah  
I don't need you  
Love is cold, yeah

\* repeat
