If you wanna know  
what is going on inside my mind  
Well, it's time to show  
That I'm never gonna give up  
And no matter where I go,  
people say I'm one more in the crowd  
But here, inside I feel stronger  
They'll see me around

And I'm gonna sing  
in my own world as loud as I can  
I'm not gonna stop  
I'll keep on trying, I know that I can  
Yes and I will be strong, I am moving on  
No one's gonna stop me, no one, no one

Two feet on the ground  
Step by step on the speed of sound  
My head's spinning round  
But I'm still gonna sing out loud  
And no matter where I go,  
people say I'm one more in the crowd  
But here, inside I feel stronger  
They'll see me around

And I'm gonna sing  
in my own world as loud as I can  
I'm not gonna stop  
I'll keep on trying, I know that I can  
Yes and I will be strong, I am moving on  
No one's gonna stop me, no one, no one
