He just doesn't get it.
I ain't down with it.
No: wait, wait, wait, wait, wait, wait.

Today, he called to say he was singin' a new song.
Like I should care;
Like nothing ever went wrong.
He said the dog's been cryin' for me;
He's a new man since counselling;
Oh, and he wants to grind some coffee.

He just doesn't get it; I ain't down with it.
Talking an' walkin' down memory lane.
He can't understand it;
He's on another planet;
Same old, same old, same old same.
He just doesn't get it.
Yeah.

He said this time apart's been so good for us both.
He got a job, cut his hair,
To prove his incredible growth.
Got off his butt an' he pawned the TV.
Guess he forgot it belonged to me.
Now, he wants to bring me the money.

He just doesn't get it; I ain't down with it.
Talking an' walkin' down memory lane.
He can't understand it;
He's on another planet;
Same old, same old, same old same.
He just doesn't get it, no.

:! Instrumental Break .:

(Whoo hoo.)
(Whoo hoo, hoo.)
(Whoo hoo, hoo, hoo.)

He used to like to push an' shove.
An' now he wants to feel the love.
An' he ain't gonna get it.

No, no, no, no, no, no, no, no.
I said: he ain't gonna get it.
I'm tryin' to forget him,
Get him outta my life.

He just doesn't get it; I ain't down with it.
Hangin' an' playing his ridiculous games.
He can't understand it;
He's on another planet;
Same old, same old, same old same, yeah.

He just doesn't get it; I ain't down with it.
Talking an' walkin' down memory lane.
He can't understand it;
He's on another planet;
Same old, same old, same old same.
He just doesn't get it.

(Whoo hoo, hoo, hoo.)
(Whoo hoo, hoo, hoo.)
Ah, ah, ah, ah, oh.
(Whoo hoo, hoo, hoo.)
(Whoo hoo, hoo, hoo.)
(Whoo hoo, hoo, hoo.)
(Whoo hoo, hoo, hoo.)
(Whoo hoo, hoo, hoo, hoo, hoo.)

Gonna get leave now:
Don't stop it.
That would've been funny to have.
